IT ONLY TAKES A DROP

A DROP Riddle Comic

Inspired by @drop_xrp

On the XRP Ledger, even the smallest thing has a name...

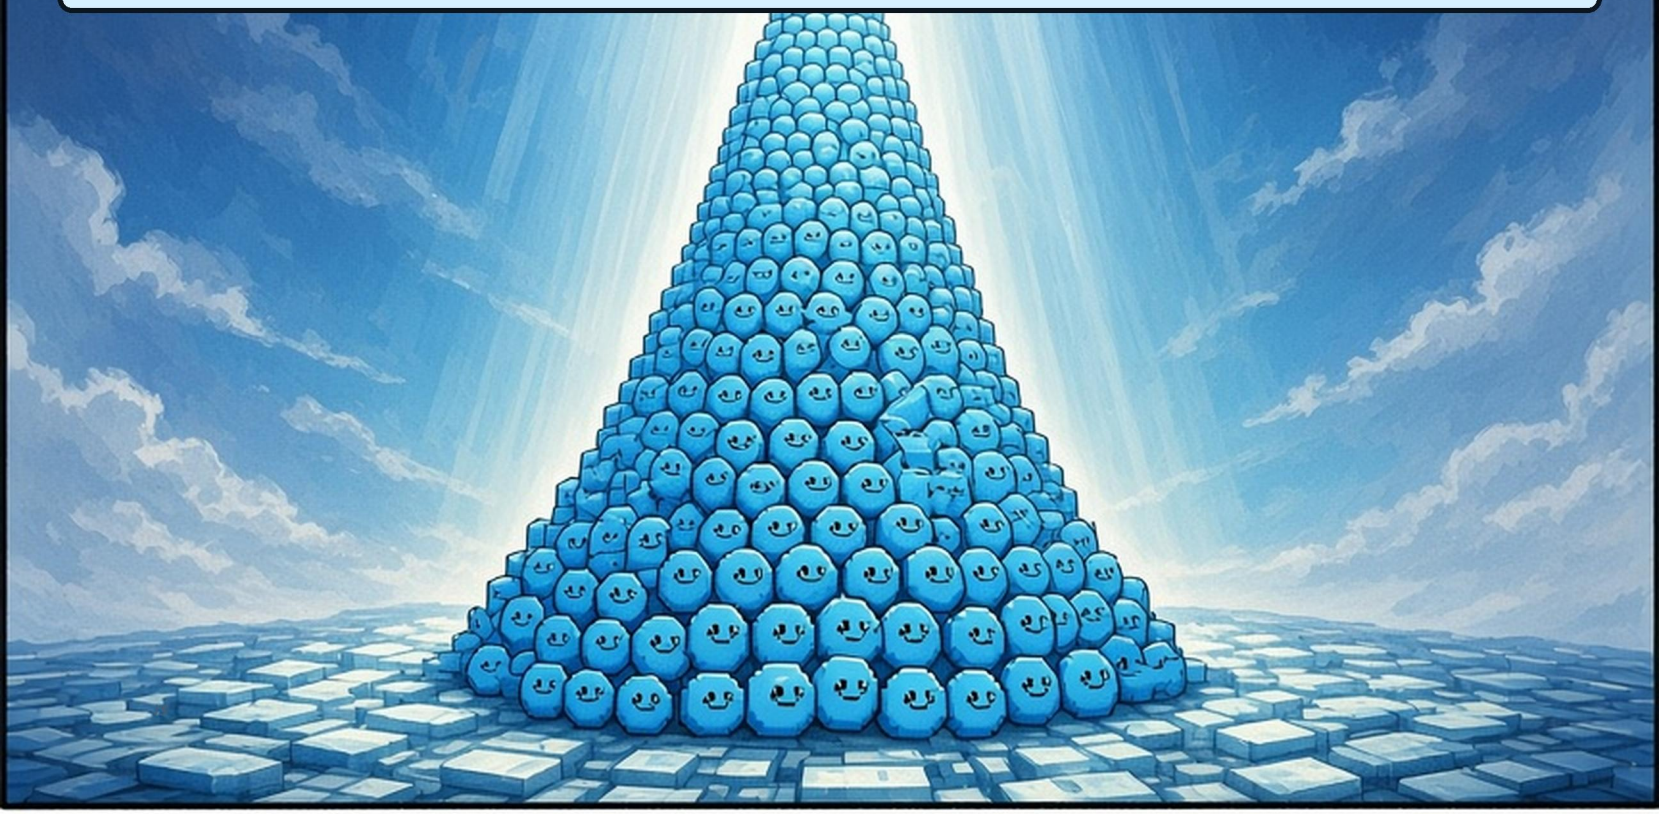

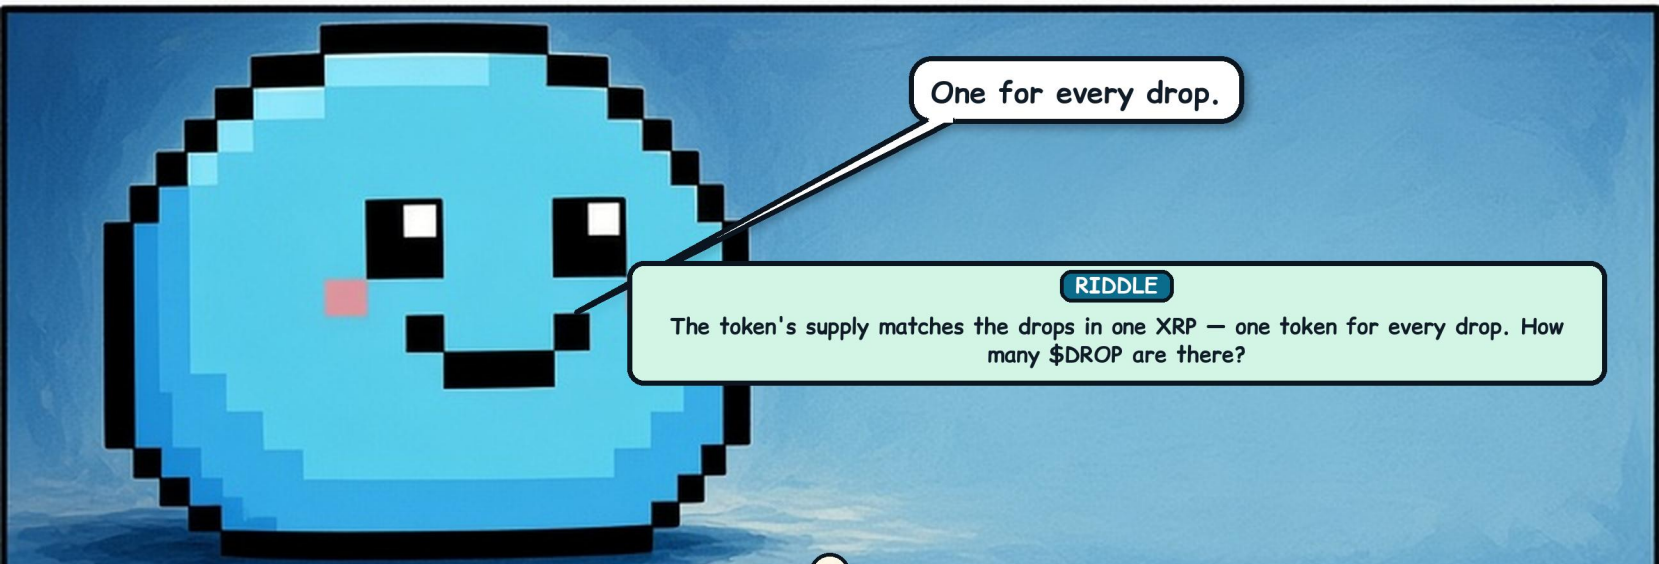

RIDDLE

Just as a pound is made of pence and a bitcoin of sats, one XRP is made of a million of me. What am I?

Inspired by those million drops, a token was born...

One for every drop.

RIDDLE

The token's supply matches the drops in one XRP — one token for every drop. How many $DROP are there?

Two years ago today, a meme became a movement.

RIDDLE

The countdown ended on a happy DROPday. What date did DROP launch on the XRP Ledger?

Proud of the Ledger. Living on the Ledger.

RIDDLE

When official X came through, the little drop asked a soft, hopeful question. What did DROP say?

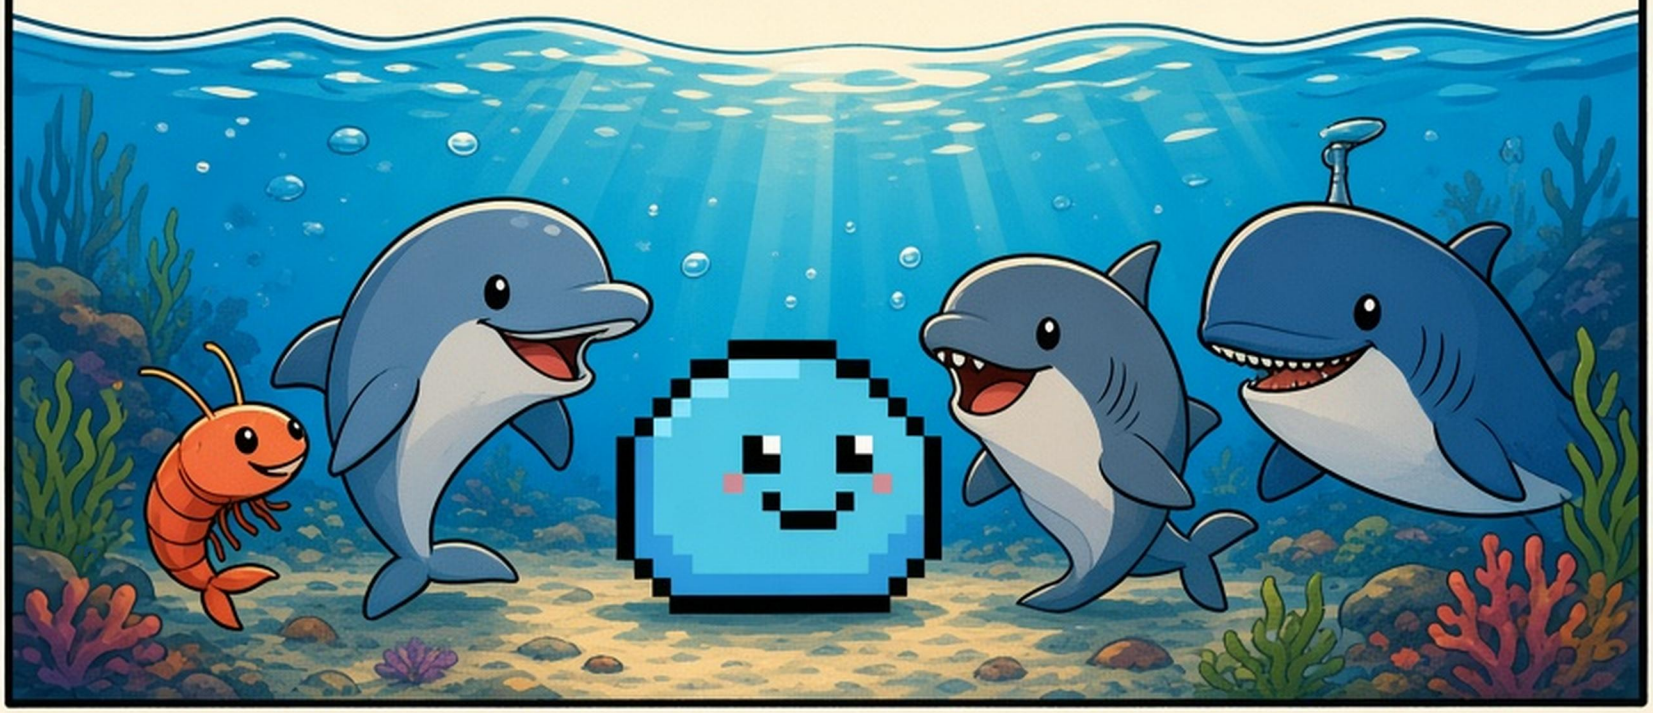

Twelve hours after the map went live, the world began to glow.

RIDDLE

In just twelve hours the map lit up across six continents. How many countries had already landed on the DROP website?

One token or a thousand. Whale or first-timer.

RIDDLE

Whale or first-timer, one token or a thousand: four words DROP leaves with every holder. What does DROP say?

ANSWER KEY

1. A drop — 1 XRP is made of 1,000,000 drops. (The bio also says 0.000001 XRP is called a "drop.")
2. 1,000,000 $DROP — a fixed supply, one token for every drop in a single XRP.
3. October 16, 2024 — two years before the Happy 2nd Birthday post, the day DROP launched on the XRP Ledger.
4. "Dad? Is that you?" — what DROP asked when official @XRP came through.
5. 22 — visitors from 22 countries across 6 continents landed on the DROP website in just 12 hours. The bigger goal: 100 countries.
6. You all matter equally. — whether you hold 1 token or 1,000; whale, Ripple employee, XRP Army, or first-timer.

This comic is new fiction inspired by posts from @drop_xrp and the public $DROP site, xrp-drop.com. It is not official canon. The sea-creature friends are story stand-ins for the bag tiers Shrimp, Dolphin, Shark and Whale.

Five secret numbers are hidden in the art. Look closely for 123321, 589, 119, 22, and 13.

IT ONLY TAKES A DROP.
